TERM 3 WEEK 4

FRIDAY 17TH AUGUST

Principal's Report

Students Walking to School

From the KidSafe NSW website:

Children need assistance dealing with the traffic environment until at least the age of 10 as they are not equipped physically or developmentally to make the crucial decisions to keep them safe. Like learning to drive a car, children need practice and experience to walk in the traffic environment.

Alongside the benefits of learning road safety, it is a great chance to spend time with your family and good exercise!

Children are vulnerable road users. Anywhere where there is a potential for moving vehicles is a potentially dangerous traffic situation for children. This includes residential areas, car parks, at traffic lights, along footpaths, pedestrian and other crossings, driveways, quiet streets, and busy streets.

Although children may think they can handle crossing a road by themselves, remember that children:

- are easily distracted and focus on only one aspect of what is happening

- are smaller and harder for drivers to see

- are less predictable than other pedestrians

- cannot accurately judge the speed and distance of moving vehicles

- cannot accurately predict the direction sounds are coming from

- are unable to cope with sudden changes in traffic conditions

- do not understand abstract ideas - such as road safety

- are unable to identify safe places to cross the road

- tend to act inconsistently in and around traffic

Many children below the age of 10 years do not have the capability or judgment to handle many pedestrian situations. Children need to be accompanied and closely supervised by a parent or adult carer to keep them safer.

Parents and caregivers have a key role in educating their children about road safety. Children learn about road safety largely by experience. Parents and adult carers have opportunities in day-to-day routines to discuss road safety with children

on the way to the newsagent, local shop or going to school.

Whenever crossing roads, it is an idea to talk about when and why it is safe to cross the road with your children so they can gain a good understanding of road safety issues.

At Stroud Public School, we seek your support in jointly educating your child about pedestrian safety. We want to see our students arrive at school and home safely every day. Please talk to your child regularly about being safe around roads and walk to school with your child until they are 10 and capable enough to show the skills necessary to walk to school safely.

See-Saw

Due to technological issues with the iPads we have not had much success uploading to seesaw. This issue should be rectified soon.

Don't forget -

Book week is coming soon. Start thinking about your costumes or favourite book.

School Sporting Activities

Zone Athletics.

Last week, our school along with competitors from Booral and Stroud Road, travelled to Raymond Terrace to compete in the Port Stevens Zone Athletics Carnival. All of the competitors are to be congratulated on what was a tough competition! Stroud was very well represented in all events, with Ruby Daniel, Mason, Daniel, Maddox Smith and Cooper Power all progressing to the Regional level. I would like to thank all parents and carers who were such a big help on the day, not only with their own children but the group as a whole. Congratulations again, we should all be very proud
