### External Validation

Over the last term I have been preparing our submission for our external validation. The panel meeting was yesterday

We should all be very proud of our whole school community as we were deemed to be operating at the excelling stage in the areas of learning culture and learning and development. If you would like to discuss the results of the external validation please just contact me and I would be happy to talk to you about them. Thank you to everyone for our beautiful school!

Enjoy your weekend,

## School Events

This term our major fundraiser, organised by the Social Services, portfolio is Jump Rope for Heart. This program benefits the children in many ways. Students are physically active and learn new skipping skills. They also learn healthy heart habits. They learn the value of community service by fundraising for an important cause—research into heart disease. Please find attached the sponsorship form for your children. There are prizes for the children if they raise a certain amount of money but we are promoting their participation and that we are thankful for any amount that they can raise. The prizes are attached to the newsletter.

**Remember our 4 bees:**

*Be caring,*

*Be respectful,*

*Be responsible and Be*

*Fair*

**Remember  
to wear  
your hat!**

## Positive Behaviour for Learning

Our merit awards will be given out in week 3. Please remember to sign the communication cards each week. Our rewards day is our end of year fun day at the pool. Our awards assembly will be on Friday 6th December which is week 8 and our presentation night is Tuesday 10th December. Please put those dates in your calendar.

## School Sport Activities

Our focus for sport for the first half of the term is skipping to get ready for our Jump Rope for Heart day. See the information on the front page.

The children have started the term with lots of enthusiasm. We are continuing to revise all the sounds we have learnt and use them to blend into words for our reading.

We are consolidating our understanding of whole numbers and practising numbers before and after.

In science we are looking at the unit push/pull.

Looking forward to a wonderful last term of kindergarten!
