TERM 3 WEEK 8

FRIDAY 13 SEPTEMBER 2019

## Principal's Report

*Thank you to all the parents who committed and worked on the camp. Your contribution to our school is very much valued and we thank you for all the time and effort you all put into making it a success.*

*The last two weeks of term are quite busy so if you could keep an eye on all the events and make sure that you have sent in notes when they are required that would be very helpful to our office staff.*

***Just a reminder that there is no can-teen on Monday. Instead the soccer team will be having a sausage sizzle and cupcakes to help raise money for the bus to take them to Sydney. See the P&C newsletter for more information on cost.***

*I will continue to leave this information in about the parent survey.*

*The Tell Them From Me parent feedback survey (Term 3, 2019)*

Could you please, please, please find the time to complete this survey. The school does look at the results and takes into account the results in future planning that we do.

This survey is now live and the school would appreciate you taking the time to complete the survey. You have until Friday 25th October to give us feedback on our school.

The website and log in details are below.

## School Events

Last Friday years five and six went to Dungog High School for Science Discovery day. On the day they were presented with various challenges that they had to solve. Our team in the bottom photo came equal first on the bridge challenge and had to test their bridge in front of all the schools. Well done! Thank you to the parents who transported and to Mrs Bartlem who supervised the children. A great day was had by all!

Miss Hughes, a qualified Level 3 Athletics Advanced Event Group Coach, Level 1 Cricket Coach and avid soccer player for 20 years with experience in soccer coaching has designed and implemented training sessions in lunch times which have been tailored to ensure our soccer team has basic fundamental skills, increasing to more complex skills and is now increasing training to further develop technical skills through fartlek interval agility training.
