TERM 3 WEEK 10

FRIDAY 11TH SEPTEMBER 2023

Principal's Report

Wow! Another term finished. Let's reflect on all the great learning opportunities and experiences the students have had over the term. A shout out to all the students and staff for all the amazing things we have completed and accomplished this term.

Excursions

Next term will be busy with lots of learning and most exciting of all will be our excursions. Please check emails and or bags for statements of accounts. **Full payment is required by the 9th October 2023.** Medical and permission note will also need to be in by the above date. These excursions sound exciting and jam packed with adventure.

Premiers Reading Challenge

Congratulations to all students who successfully completed the Premier's Reading Challenge this year! It is a massive effort to continually read the amount of books expected in the time frame. Thank you to Mrs Forbes for supporting our students through this program.

School Bytes

Please check the school calendar for all the up and coming events. Including major end of year events.

Absentee Notes

When replying to absence messages PLEASE give a detailed message of the type of sickness. Sending just sick is not a valid reason and can not be accepted.

Kinder Orientation

Kinder orientation will start next term on Tuesdays and Thursdays. We are looking forward to having our future Kinder students join us here at school.

Colour Run

The P & C Colour Fun Run is fast approaching and we are looking forward to our fun afternoon of colour. Students might like to seek out sponsorship over the holidays.

Have a wonderful and relaxing break!

Merit Awards - Week 9 and 10

	Week 9	Week 10
Wattle	Koko Rahni Eli	Zoey Ivy Kobe
Bottlebrush	Elora Lucus	Thea William G
Banksia	Charlie Hunter Ryan Jermaine Makayla	Callum Jeremy
Mrs Wilson	Pippa Kobe	Opps Mrs Fletcher

Aussie of the Month August Thomas

Happy Birthday!

Happy birthday to Kingston, Alicia and Cleo who all celebrate their birthdays during the holidays!

P & C News

Please check SkoolBag/Audiri app for the latest information regarding the Alderley Creek Camp roster.

The Colour Run: 26 children have already registered and over \$2500 already raised. Incredible! Please register online at schoolfunrun.com.au.

Please support Helen in ensuring the canteen has enough volunteers to run each Friday. The children love having a lunch order however it is only possible if there are volunteers. Call Helen on 0417224080 for more information.

Have your say on our school's values and expectations.

We are reviewing our values and expectations as a school to build consistency and guidelines around our behaviour and learning goals in the classroom and playground.

Please scan the QR code and complete the anonymous survey. Thank you!

Grounding with Miss Morris

During lunchtimes Miss Morris takes interested students to participate and learn about grounding techniques. This is an Aboriginal technique that connects students to the earth which helps regulate emotions and is lots of fun.

This week during grounding the students took a good look at our school surroundings using binoculars. They discovered some Bunya nuts growing in the Bunya trees, a few nests and lots of birds.

APCI message from Sarah Pass

Across the school, we are continuing to deepen students' understanding of place value. Here is some information on how you can help your child at home:

What is place value and why is it important?

Place value is the system we use to organise and order numbers. In our place value system, the position of a digit in a number determines its value, for example the 1 in 153 represents 100 and the 1 in 531 represents 1. We use place value to split numbers into 1s, 10s, 100s, 1000s etc. Kids need to understand place value to read, write and work with large numbers.

Place Value Cups

'Place Value Cups' is a quick game that helps kids to learn about place value. It can be played when you have a spare 5 minutes at home. All you need is a texta and some disposable cups.

1. Collect up to 12 disposable cups and label the rim of each cup with any digit between 0 and 9
2. Spread the cups out on a table or the ground
3. Players quickly grab 2 to 5 cups each and stack them (less cups is suitable for younger kids and more cups is suitable for older kids)

The first player to read the 2 to 5 digit number on their stack wins!
